## TECHNICAL SKILLS

---

Languages	:	C, Java, HTML, CSS, JavaScript, python, SQL
Tools/platforms	:	Linux, Windows, Git, GitHub, Azure
Libraries/Frameworks	:	Java collections, File I/O
Technical	:	OOPS, cloud computing, Computer Networks, DBMS, Operating System, RPA.
Skills	:	good communication , Team Work, Problem solving, Analytical skill, accept new technologies.

## EDUCATION

---

- Post-graduation in '**Master of Computer Application**' (MCA) August 2022 – June 2024  
from 'Sinhagad institute of management and computer Application, Pune.
- Graduation in **BCA** from College of Computer Science and Information technology(COCSIT), Latur June 2019 – July 2022

## EXPERIENCE

---

**Java Developer Intern** January 2025  
*Sunbeam infotech, Hinjewadi*

- During my internship, I actively contributed to the design and development of dynamic and responsive GUI applications. Leveraging my expertise in Core Java, including Collections, Swing, Serialization, and File I/O, I successfully developed efficient and interactive user interfaces. I worked within an Agile development model using tools like Jira for project management and Git/GitHub for version control.

## PROJECTS

---

### Personal Profile Website [LINK](#)

- Developed a personal profile website to enhance online presence and showcase professional skills, projects, and contact information. Utilized **HTML5**, **CSS3**, and **JavaScript** to create a responsive and interactive design, ensuring compatibility across devices.
- Implemented dynamic features such as form validation and integrated a modern layout **using CSS Grid** , conducted thorough cross-browser testing to ensure a seamless user experience. This project highlights my proficiency in front-end development and project management

### Vehicle Service Station Management Application [LINK](#)

Technologies: Java SE, Java Collections, swing, Serialization, File I/O

- Developed a console and GUI-based system for managing customer services, vehicle maintenance requests, billing, and business reporting, including automated billing with tax calculations, spare part tracking, and service request handling for maintenance, repairs, and oil changes.
- Designed a responsive GUI to streamline service request management and provide real-time reporting, enhancing operational efficiency at the vehicle service station.

## PERSONAL DETAILS

---

- **Date of birth** : 22 March, 2000
- **Gender** : Male
- **Nationality** : Indian
- **Language** : English, Hindi, Marathi
- **Hobbies** : cooking, listening to music etc.
